

HELP

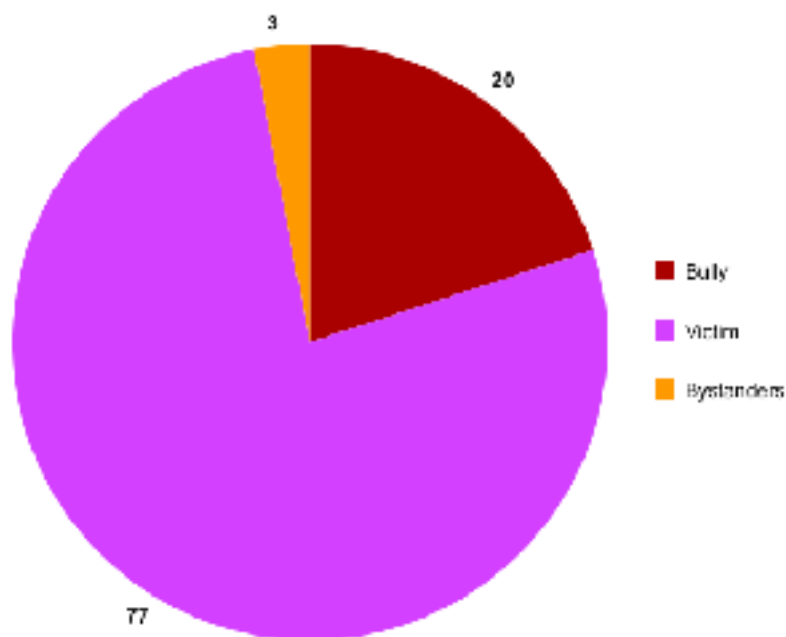

A KID SAVE

A KID

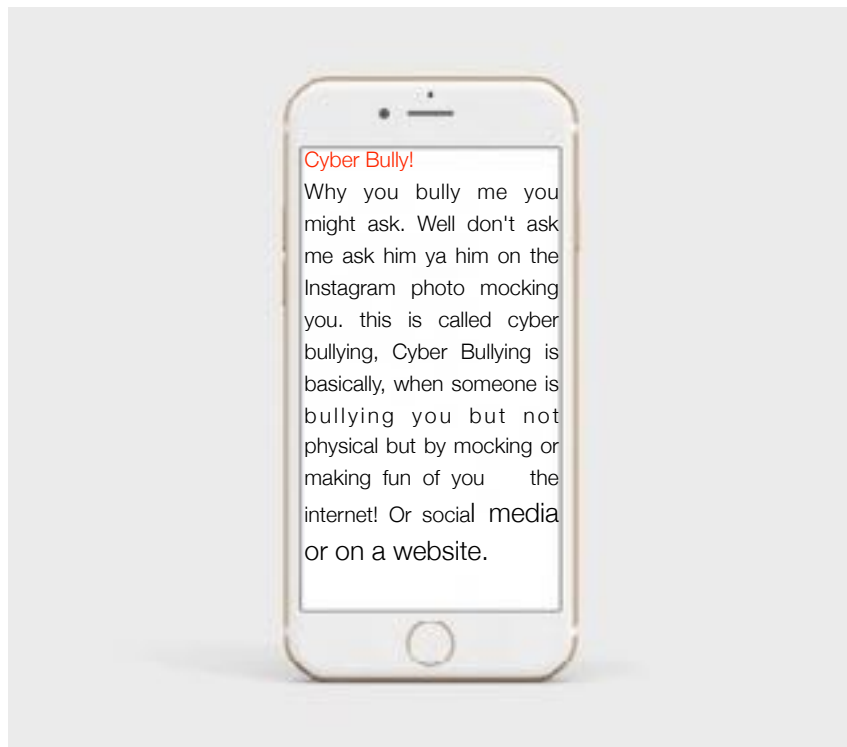

type to enter text

Imagine you get to school and two big guys drag you by your jacket hood and bring you to the back of the school. Slam they slam you face first into the dusty brick wall your forehead stinging, blood slowly drips from your face 2 seconds later its pitch black. 3.2 million students are victims of bullying each year, 3.2 million students are hurting inside. Bullying is a serious problem in the world and it changed **dramatically** and quickly.

Kids who are bullied can experience **negative** physical, school, and mental health issues. Kids who are bullied are more likely to experience: Depression and anxiety, increased feelings of sadness and **loneliness**, changes in sleep and eating patterns, and loss of interest in activities they used to enjoy.

ALEX LIBBY

Alex Libby was bullied in middle school and now he is an **Activist**. He helps teens get through hard times. When they are bullied, Alex helps them get through it. Alex Libby is a great help to teens and he helps them with there needs. I think Alex Libby does this great work because he remembers when he was bullied and how he felt and he doesn't want other teens to feel that way. Alex Libby does not want teens to not to go to school because they are being bullied. He does not want them to feel alone and scared. This also leads, unfortunately, to **suicide** which is the next topic. Alex Libby talks to teens about being bullied and provides encouragement.

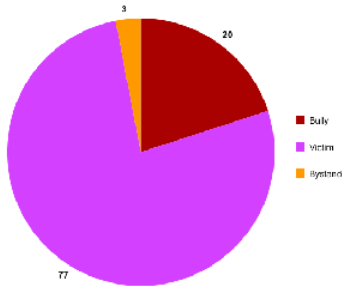

Suicide

Teens get bullied and they feel bad about themselves and they think they can't go any further in life so unfortunately they suicide (kill themselves) This is why you should not be a bully you could cause a death. 1 out of 10 kids don't tell their parents that they are bullied or if you are going to [suicide](#).
